Parent Representative Vacancy on School Council
Expressions of interest are invited from parents who may be interested in being on School Council. If you are interested in being a Parent Representative, please contact Pam Dyson (Principal) on 9546 9066 by 4pm Friday 11th September. Council meets at 6pm on the 3rd Wednesday of the month. The meeting usually does not extend past 7.30pm. It is important to have parent representation to be involved in policy making decisions about our College.

College achieves outstanding 2015 NAPLAN growth results
On Monday 17th August, the College received our 2015 NAPLAN results. Individual student results for Year 7 and Year 9 students will be handed to parents at the Parent Teacher Evening on Tuesday 25th August. As per graph below, our College celebrates the excellent growth results, which are above the State Mean in all categories. These results indicate the outstanding work being completed in classes through explicit teaching especially in English and Maths. Our College continues to place great emphasis upon Literacy and Numeracy concepts and understanding as a foundation for our students. Although NAPLAN results are a snapshot of a student's achievements in Literacy and Numeracy on the day of testing, it is a valid indicator of students’ strength and weaknesses in various categories. Our College uses these tests to reflect upon individual student performance. Individual feedback to students is an important part of this process and we look forward to also having discussion with our parents about these results.

Year 9 2015 NAPLAN growth results

As is indicated by the overall results, we are proud of the continual improvements that our students are demonstrating in Literacy and Numeracy. Congratulations to both students and staff for achieving such excellent results.

Thank You – Parent Opinion Survey
Thank you to our parents who completed the 2015 Parent Opinion Survey over the past few weeks. Our College results will be given back to us from the Department of Education later in the year.

Improvement in Facilities – $5 million funding
We are hopeful that preliminary plans will be finalised to the South Eastern Region before the end of this term. I have been completing student forums, seeking student feedback on their thoughts and wish lists... Within the next few weeks there will be discussion with the Region on interviewing possible architects, with an appointment to be finalised early next term. Once the architect has been appointed, there will be further discussions/consultation on drawing up plans. We are certainly looking forward to this stage, as we will be able to formulate a more concrete vision of improvement in our facilities, which will hopefully be starting in 2016.

continued on next page...
From the Principal....contd.

Blazers
A reminder to all families that the College Council has approved new College Blazers for all students as a non-compulsory uniform item. The Blazer is currently being displayed at the General Office and fitting for sizing will be available from the General Office between 1.30pm and 2.00pm each day. The cost of the Blazer is $115.00.

Parent Teacher Night – Tuesday 25th August - 3.45 to 6.45pm
A reminder that the College will be having a Parent/Teacher Session, to be held in the Year 7/8 Learning Centre. We look forward to seeing many parents/guardians during this time.

School Production – Thursday 10th September 7pm
As per flyer within this newsletter, we are looking forward to our School Production “Alice@Wonderland” which will be held in our School Hall. Our students have been working hard rehearsing and it will be a wonderful night of entertainment. Bring family and friends to have a great night out!

College Fete- Saturday 21st November - 11am to 4pm
Plans and momentum is building of the College Fete to be held on Saturday 21st November. (Please see flyer in newsletter). We are asking for family support for donations for a ‘White Elephant Stall’. This may involve donations of books, ‘bric-a-brac’, good quality gifts or appropriate items that may be sold at this stall. Donations may be given to the General Office and we will accept all donations from now onwards..... Thank you in advance for supporting this cause.

Junior School Report

Year 7
We are pleased to report that the students in Year 7 are working cooperatively with each other and their teachers. Their recent NAPLAN results were very pleasing, and these will be distributed at the Parent Teacher night next week.

Maths students have just started a unit on FRACTIONS, which students usually find quite challenging- so they have been tested and placed in 5 different levels; they are working at their individual point of need. In English they are looking at the different characters in their novel ‘Coraline’ and are broken up into different groups depending on which character they have chosen, they are also learning lots of vocabulary to aid them in their writing. In Science they are looking at food webs and ecosystems and this has also been linked to their Art subject where they are drawing all sorts of creatures – bugs mainly! In Japanese they are studying calligraphy – Japanese characters of course! During Humanities they are learning about Ancient Civilisations and doing individual presentations.

Year 8
English students have been exploring the ‘Picture Book’ and different themes including what it is like to be an ‘insider’ or ‘outsider’ through these texts. In Humanities they have been exploring migration, asylum seekers issues. In Science they are still studying chemistry – the periodic table and reactions. In Art they are making masks (scary…). For Health they have also been studying sexual reproduction and many students have been involved in inter-school sports.

Year 8’s were handed out their Y8 handbook and elective selection sheets for next year. They need to be returned as soon as possible to Mr Ward or Ms Wearing-Smith.

Year 9
Year 9 English students have been exploring the Movie genre and ‘coming of age’ texts. In Maths they are factorising – a skill students often master during year 10, so they are doing really well to be getting the hang of it now. They are really enjoying working on electric circuits in Science, and recently I observed them wiring up light bulbs and switches for one of their practical classes. In their Technology/Arts subjects – students are doing a variety of things including technical drawing, creating websites with the photographs they have taken and cooking all sorts of delicacies. They are also enjoying quite a lot of inter-school sports such as hockey, volleyball, soccer and basketball. In Health they are learning about ‘sexual health and sexually transmitted diseases. For Humanities they are studying history and migration– and the industrial revolution and its affect on society, and also creating a comic strip on these issues.

Peter Jeans
Junior School Assistant Principal

SRC Free Dress Day
The Student Representative Council (SRC) will be holding a ‘Onesie Theme Free Dress Day’ on Wednesday 26th August. $2 donation. Proceeds to State School Relief.

Trevor Barry
Student Leadership
Science Week

Senior Science Quiz
We commenced Science Week this year with a senior science quiz. Santa Singh of year 11 was our winner.

Year 10 Physics Bridge Building Competition
As part of science week, our year 10 physics students designed, constructed and tested their bridges. The group with the bridge to withstand the most weight was the winner.

Periodic Table Morning Tea
Staff at Noble Park finished science week by eating periodic themed cupcakes. A big thank you to Maree Pennant (lab assistant) and Rhonda Quinn (Home economics assistant) for making our amazing cupcakes!

International News
The International Career meeting was held on Friday, 7th August 2015 and was organised by Smart Choice, the international agency, and attended by all Year 10 international students.

This session was about how to continue our studies, since we are international students, and how to apply for the university we want to attend after finishing Year 12. The presenter explained to us about every section so distinctively, which allowed us to understand everything that they offer clearly. Afterwards she gave us the guidebook for us to read to find out more information about every university in Melbourne.

I felt that this was an important and useful session. As international students usually we don’t know how to decide which university to go to or how to extend our student visa. But after this meeting we know clearly about everything. We also had the chance to understand further about current information and some news updates on education in Melbourne.

Year 9 & 10 Outdoor Education
Redback Theatre @ The Australian Ballet

Four of NPSC’s drama students - Mickayla Lyon, Bianca Hipolito, Crystal Godfrey-Williams, and Kayla Rizzo - recently enjoyed a magical night of ballet at the Drum Theatre in Dandenong. Telstra is a major sponsor of the Australian Ballet, and Graeme Merchant, an NPSC alumni, was able to work with Brad Hick at Parkmore Telstra, to organise for our students to attend the spectacular show. The students were treated to performances from several well-known productions, including Pacquita, Rimbombo, and the classic Swan Lake.

After the show, Mickayla, Bianca, Crystal and Kayla had the honour of attending a VIP event, where they met and chatted with the dancers, striking up friendships and finding common ground in discussions about the commitment and dedication required in the quest for excellence - a goal shared by performers and students alike.

Scott Caughey
Head of Performing Arts

On the 17th of July, Telstra Company sponsored a few of the RedBack Theatre members to see The Australian Ballet held at the Drum Theatre in Dandenong. It was a night to cherish for all the students for they had the chance to see the play for free with backstage passes to the after party. This enabled the students to meet and greet the wonderful performers as well as the people behind the production. This experience is surely one of the highlights of the year for our students. Thank you, Telstra for this amazing opportunity.

Bianca Hipolito, 12B RedBack Theatre Publicist

Monash University provides
FREE TUTORING
Tuesday & Wednesday
(not first or last week of term)
3.30 – 4.30pm in the FLC.
All students welcome!

Every Friday between 8-8:30am come and enjoy a yummy breakfast in the International Room! Come and enjoy a warm milo and hot toast on these cold mornings. Or alternatively enjoy a bowl of cereal or fruit. See you there!
Year 10 Health Day

Year 10 Health day went well, with positive feedback not only from Year 10’s, but also the presenters. Each organisation that presented commented on how much our students got involved in sessions and that their positive manner and behaviour made the sessions that much more worthwhile.

Welfare News

Year 11 VCAL students are participating in the FRIENDS Program on Thursday afternoons.

The FRIENDS program is the world’s leading programme for fighting anxiety and building resilience to help young people manage worry both now and in later life. It is acknowledged by the World Health Organisation for its 15 years of evaluation and practice. This program will be run for the remainder of the term. The program, promotes self-esteem, problem-solving, expression and building positive relationships with peers and adults. This program will also be introducing students to Mindfulness and useful apps such as “Smiling Minds”.

If you have any questions about the program please feel free to contact the Student Wellbeing Team Lynda and Theresa.

180 program: ‘If you are in years 7, 8 or 9, come and hang out in the gym during Thursday lunch time for some awesome games and activities’

As there has recently been a reported case of Head Lice, could you please check your child’s hair for any signs of Head Lice. Should you need any advice on appropriate treatment, please refer to the department of health http://www.health.vic.gov.au/headlice/

Basketball

The intermediate boys and girls basketball teams competed in Interschool sports on Friday 14th August. Leading up to the day, they practiced 3 lunchtimes per week. Although they did not make it through to next round, their sportsmanship and teamwork on the day was excellent. We look forward to competing again next year.

Coaches- Ms Fitzgerald & Ms Little

College Fete

CAN DRIVE
for College Fete
We need your help!

Please bring a ‘Can of Soft Drink’ or a ‘bottle of water’ for our Fete Drink Stall.

Every 10 Cans of Drink or Bottles of water will get you an entry into a PRIZE DRAW.

Prizes include: $30 Wrist Band which will allow you on the Fete rides ... FREE all day... from 11.00am to 4.00pm

Junior Monitors will come around daily to Home groups to collect cans or bottles of water daily. Home group Teacher will keep a tally of how many cans of drink or bottles of water you bring in.

Closing date: 13th Nov.
Prizes will be drawn on Monday 16th Nov.
Reminders:

- **PHARMACY OPEN HOUSE** (Parkville) - 16 Aug; Info: http://destination.monash/pharm-open-house.
- **RMIT FLIGHT TRAINING** @ Point Cook. Meet flight instructors; learn about careers; 10am-4pm, 23 Aug, RAAF Williams Base, Point Cook.

1. **OPEN DAYS CONTINUE** -
   - Sun 16 Aug — Melbourne; Monash (Parkville) – Pharmacy; La Trobe (Bendigo)
   - Sun 23 Aug — Box Hill Institute; Deakin (Burwood); Victoria (Footscray)
   - Sun 30 Aug — ACU (Ballarat); Federation (Ballarat & Gippsland)

2. **YEAR 12 STUDENTS**
   - **VTAC APPLICATIONS** - Don’t forget to make a VTAC course application if you plan to study next year. Applications are now open, and close for timely applicants on 30 September (cost $29.00). If you apply after this date the cost rises considerably. Remember that you can change your application as many times as you wish at no extra charge, so you don’t have to get it ‘right’ the first time you apply. See: www.vtac.edu.au. You will need to register as an applicant first; after that you can apply using the ID number VTAC supplies you with when you register. Also apply if you plan to take a year off from study in 2016. You are able to defer taking up the offer of your place for a year in many cases. You can apply for up to 12 courses, placing them in the order you most want them. You will be offered a place in the highest course in your list for which you qualify. You cannot defer an offer for a VTAC course application. There is a summary of institutions accepting SEAS categories on page 42 of the VTAC Guide. In many cases you will have to provide suitable evidence for your application for SEAS. The emphasis is on how you believe the matter you refer to in your SEAS application affected your results.

3. **UNIVERSITY OF MELBOURNE NEWS** –
   - **WHICH DEGREE OFFERS MULTIPLE JOB OPPORTUNITIES?** Would you like a career that contributes to the national economy, where productivity growth is booming more than in any other industry sector? The University of Melbourne has consulted widely with industry, employers and graduates to develop the new Bachelor of Agriculture. Be empowered with general, technical and problem-solving skills to work in this growth area. You will study plant science and animal care, and learn to work in teams to improve animal production and welfare through to addressing climate change and food sustainability. There are MANY career opportunities available for graduates, and positions are often difficult to fill due to a shortage of applicants. **NOTE:** the B. Agriculture is a possible pathway into studying veterinary science at the University of Melbourne. Info: http://fvas.unimelb.edu.au.

- **ELITE ATHLETES AND ARTISTIC PERFORMERS** The university encourages international, national and state representation in sports and artistic performance and recognises the impact that training and participation may have on the ability to achieve admission into degrees. The Elite Athlete and Artistic Performers Entry Access Schemes (SEAS) allow selection officers to grant special consideration for course entry to applicants (you must still complete any selection requirements for the course). These are the four SEAS categories:
  - Personal information and location (all applicants are encouraged to apply for this category as something in this category may apply to you)
  - Difficult circumstances
  - Disadvantaged financial background
  - Disability or medical condition

**NOTE:** It is only possible to complete a SEAS application once you have completed a VTAC course application. There is a summary of institutions accepting SEAS categories on page 42 of the VTAC Guide. In many cases you will have to provide suitable evidence for your application for SEAS. The emphasis is on how you believe the matter you refer to in your SEAS application affected your results.

**SPECIAL ENTRY ACCESS SCHEMES (SEAS)** Many institutions offer alternative entry schemes that take into account short and long-term disadvantage. The Special Entry...
Career news

**Scheme** provides for additional consideration to be given for entry into degrees by elite athletes and artistic performers who **meet the prerequisites** of the course and **can demonstrate** that their training, competition, performance and/or practice commitments have interfered with their previous studies. Students interested in applying for this scheme must apply for their degree through VTAC in the usual way, and go to: [http://futurestudents.unimelb.edu.au](http://futurestudents.unimelb.edu.au), then to Admissions and Applications and to High Achievers Programs.

**MUSIC AT MELBOURNE** – Melbourne Conservatorium of Music (MCM) has the most comprehensive range of music courses in Australia, an offering enhanced next year by new specialisations as part of the Bachelor of Music. Students can already choose to specialise in Music Performance, Composition and Musicology/Ethnomusicology but in 2016 they will have the option of Jazz & Improvisation or Interactive Composition as two new specialisations. These two specialisations currently sit within the BFA (Contemporary Music) at the Victorian College of the Arts (VCA) but will move across to the MCM. Info: [http://mcm.unimelb.edu.au](http://mcm.unimelb.edu.au).

**OPEN DAY AT BURNEY CAMPUS** – find out about horticultural courses (accredited and non-award), and learn about sustainable gardening and horticultural practice at Melbourne’s Burnley campus. **When:** 10am-4pm, **Sat 5 September;** **Info:** [http://events.unimelb.edu.au/events/2332-burnley-open-day](http://events.unimelb.edu.au/events/2332-burnley-open-day).

**NEW BACHELOR OF ENGINEERING AT LA TROBE UNIVERSITY** – La Trobe is introducing an innovative new B. Engineering (Honours) degree in 2016. Designed to meet the changing needs of industry and to boost graduates’ job prospects, the new degree is unique in Australia and follows international trends offering:

- **Multidisciplinary focus** covering robotics, electrical, manufacturing and mechanical engineering
- **Two common years**, followed by the choice of multidisciplinary engineering or civil engineering streams
- **Engineering-specific business units** – focus on developing commercially-minded engineers
- **Design units** – focus on developing engineers who have a holistic view of engineering projects and project management
- **Six months Work Integrated Learning placement** opportunity embedded into the degree, supported by a $10,000 scholarship – guaranteed for students at the Bendigo campus with limited places available for Melbourne (Bundoora) students. Graduates will be prepared for new roles in emerging industries, will be well positioned for roles as engineers, project managers and engineering consultants in manufacturing, resources, infrastructure development, healthcare, consulting, and government sector.

5. **TAKE A TOUR OF VICTORIA UNIVERSITY (VU) BY VIDEO** – go on virtual tours of VU’s Footscray, Flinders St, Queen St, St Albans and Sunshine campuses completed using innovative Steadicam and ground-breaking drone technology; soar over Flemington Racecourse and Footscray Park, see a **sport science lab** in action, take a seat in a live ** moot court**, step inside a **construction site**, explore an **anatomy lab** and more. **See it on the Victoria University YouTube channel:** [www.youtube.com/VictoriaUniversity](http://www.youtube.com/VictoriaUniversity)

6. **AUTOMOTIVE MODERN APPRENTICE-SHIP PROGRAM** – Vantage Automotive P/L is a provider of government funded vocational learning and outsourced services to major vehicle manufacturers with an extensive client list across Australia. Applications are now being sought from students interested in the motor industry as an automotive technician or parts advisor. For information: [www.vantageautomotive.com](http://www.vantageautomotive.com) or email reception@vantageautomotive.com or ph (02) 8014 8990. Successful applicants will be offered a job at a dealership near their home.

7. **NATIONAL INSTITUTE OF CIRCUS ARTS (NICA)** – is accepting applications for auditions for its accredited courses for 2016. These are: **Bachelor of Circus Arts, Certificate IV in Circus Arts** and **Certificate III in Circus Arts**.
### 2015 VCE Examination Timetable

- **You must check the starting time of each examination and arrive at least 30 minutes earlier, and be familiar with rules about late admission to examinations.**
- **The start time for the afternoon session on Thursday 29 October, Friday 30 October, Tuesday 10 November and Wednesday 11 November – when only two sessions are scheduled – is 2.00 pm.**
- **The start time for the afternoon session on all other days when three sessions are scheduled is 3.00 pm.**
- **The reading period is included in the times shown in the timetable. Each examination commences with a 15-minute reading period unless otherwise specified.**
- **All written responses must be in English, unless otherwise instructed in the question book for that particular examination.**
- **If you are presenting for performance examinations, Languages examinations oral component or the Extended Investigation oral presentation you will be issued with an examination advice slip. Photo identification and examination advice slips must be presented for entry to your assessment. In some cases, students in regional and rural areas may be required to attend venues in Melbourne.**
- **The following examinations have an audio component: Music Style and Composition, Music Performance, VET Music Technical Production and all Languages except Indigenous Languages of Victoria, Classical Greek, Classical Hebrew and Latin.**

- **Performance examinations:**
  - Dance
  - VET Dance
  - Drama: Solo
  - Theatre Studies: Stagedraft Examination

- **Schools will notify students of dates, times and locations via advice slips from Monday 3 August.**
