Student worksheet
(Answer these questions after watching the “Introduction to Workplace Learning” video)

1. What is the major focus during workplace learning?

2. What do you need to do before going on work placement?

3. List the 4 main things an employer must do on your first day of work?

4. What else should the employer do?

5. Sometimes it is very difficult for young people to ask questions in the workplace. You don’t want to show yourself up. However it is very important for your safety and the safety of all people in your workplace that you ask questions if you do not understand something.

Here are some ways of asking:

I’m not sure how this works. Can you spare a few minutes to show me again?
I think I’ve got the hang of this but can you watch to make sure I’m doing everything right?
Could you please go through that again?

Can you think of any other ways of asking these questions?
